

4-H LEGO ROBOTICS CAMP Application

Learn how to build robotic devices using LEGO EV3 and LABVIEW Software.

You will learn how to use motors, touch sensors, light sensors, gears and pulleys, and more!!!

WHEN: July 11-15; 8:00am – 11:00am

WHERE: Oneonta City School District Office; Center Street; 2nd Floor Library

WHO: Students entering 6th, 7th 8th grade who want to explore technology and engineering. There are a limited number of seats, due to equipment and human resource.

Do Not Delay if interested.

COST: \$100.00 (all proceeds go to Team 4203 operational budget)

SUPPLIES: The camp will supply all necessary materials and equipment

Application Due Date: Postmarked June 26, 2016

Camp Instructors: 4-H FIRST Robotics Team 4203 and their Mentors

What Is Going To Happen: Campers will design, build and program a variety of robotic devices. Campers might work in teams of three, so this camp is intended for those who can work well with others in small groups.

Successful applicants will also be given a medical release form to fill out prior to start of the camp.

Save this section at home.

Cut on the above line mail this form along with payment of \$100. to:

Paul Agoglia

2 Thorn Street

Oneonta, New York 13820
